OLD LOG SCHOOL HOUSE

BY A. W. HILL

The old log school houses are fast disappearing from West Virginia. Few remain to remind us of the conditions under which our parents and grandparents obtained their education. The building shown in the accompanying picture is still in use after forty years of service. It is to be found in the southwest corner of Pocahontas county in Little Levels district, on Hill's creek, two miles above Lobelia. Its name is Pleasant Valley School and it was built forty-five years ago. That was before the sound of the woodman's axe and the buzz of the portable saw mill were heard in this part of the country. The walls of the house were made of choice poplar trees, hewn on two sides, the crevices being filled with mortar of lime and sand. It was covered with white pine shingles hauled in here from another part of

Clerk

n

of the
Poca-
on the
May.

The walls of the house were made of choice poplar trees, hewn on two sides, the crevices being filled with mortar of lime and sand. It was covered with white pine shingles hauled in here from another part of the country. This roof lasted about thirty five years. A cheap metal roof was put on about ten years ago and rusted out. It has been replaced again this winter with a galvanized roof.

This old building holds a very dear place in the memory of the writer, it being where he and his wife received their elementary education under such tutors as the late Rev. C. M. Anderson, Mr. T. A. Bruffey, Rev. J. B. Grimes and others. The writer's children went to this school until some of them were ready to enter high school. Then seven years ago we moved from the old home place to Marlinton, the county seat of Pocahontas, where we have a number one high school and a faculty of teachers hard to beat.

The writer had taught nine terms

invited to come back and teach again
The invitation was accepted, there
being a number of old friends still
living in the community. But the
pupils were all new. I considered it
a treat to teach another term and
make it ten. Before the school term
closed all of the patrons and pupils
insisted that I come back another
year, so I am now teaching my
eleventh term here. I don't think I
will be persuaded to come back again
I have to cross a big mountain to get
home and the roads sometimes get
impassable. Walking is the best way
to get out most of the time in the
winter.

This is a good school and I have
four pupils to take diploma examina-
tion. This is one reason I am here
this winter. I think they will come
through all right.

With a new addition of lime and
sand to the crevices outside and some
paint on the inside the old house
could be made very respectable. It
would serve the community for years
to come.

I think the people should preserve

four pupils to take diploma examination. This is one reason I am here this winter. I think they will come through all right.

With a new addition of lime and sand to the crevices outside and some paint on the inside the old house could be made very respectable. It would serve the community for years to come.

I think the people should preserve this old building and take an interest in it as the people of Monroe county did recently to preserve their old Rehoboth church in a certain community. Men and women have gone out from this school and engaged in most every walk of life, especially school teachers.—School Journal

season and the Sunday School will have a part in the program.

EDRAY DISTRICT PUBLIC SCHOOL DAY

Edray District Public School Day was held April 15 at the High School building and Fair Ground.

Devotionals were conducted by Rev. S. R. Neel after which the morning was taken up with intellectual contests, peppy songs and yel's given by the various schools.

Twenty schools, with a total of near 400 pupils participated in the events of the day.

The following were the winning schools:

Marlinton Seventh Grade, Elsie Adkison, teacher, first place 242 points.

Marlinton Eight Grade, Anna Lee Ervine teacher, second place 224 points.

Marlinton Sixth Grade, Blanche Patterson teacher, third place, 220 points.

Mrs. Pearl Perkins had the fingers of her right hand badly lacerated while helping to lower an iron pump into a

points.

Marlinton Sixth Grade, Blanche
Patterson teacher, third place, 220
points.

Mrs. Pearl Perkins had the fingers
of her right hand badly lacerated
while helping to lower an iron pump
into a forty foot well. Her hand
was caught between the base of the
pump and the well casing. It was
found necessary to amputate the
first finger.

Dennis Kellison, brakeman on the
log train Marlin Lumber Company,
was thrown from the top of a box car
last Friday evening, landing on the
track and was painfully injured about
the hips and back, also breaking sev-
eral ribs. He is at his home near
Millpoint.

ARE WE MAKING PROGRESS

By C. E. Flynn

The coming of the automobile, moving pictures, radios, good roads, and a thousand other inventions, have about many changes in the last 25 years. Progress is to be found in every vocation, trade, or industry. Homes have adopted many conveniences that were unknown to the housewife of a decade ago. Only the elementary schools and rural education seem to have been neglected or overlooked in the march of progress. While much repair work has been done, and a number of new buildings put up in the county, there is still an urgent need for still more improvement, and from the observations made over the state, the rural buildings of Pocahontas county are above the average.

As to the scholastic part of Education, there has been much change, especially as to subject matter and

Lena

there has been a great change but no such change has been made relative to the tools or equipment of the rural schools of West Virginia.

If there is any equipment at all, it is likely to be the same old wall maps of West Virginia that some adroit salesman influenced the boards of education to buy and hang on the wall about 1900, and a set of unattractive books put out by the Union School Publishing Company which were never intended to be read. This was the equipment of a quarter century ago, and still remains as the only equipment in too many of our rural schools of to-day.

Perhaps the boards of education are not to be censured for the lack of equipment and static conditions of the rural schools. It is more a lack of adequate supervision and a weak system of financing elementary education. In most cases, the boards of this county have done the best that could be done under adverse financial

conditions, but no one knows better than the classroom teacher that certain equipment is necessary to do good teaching. Maps, globes, charts, flash cards, and perception cards, etc. for beginners, add much to the successful teaching of History, Geography, Reading, and other subjects in the elementary curriculum.

For the purpose of raising money to purchase equipment, many teachers sponsor box suppers, pie suppers, and socials of various kinds. Others spend their own money for the needed material, especially primary teachers.

During the past year, 77 school socials or entertainments were held and through the splendid co-operation and interest shown by the patrons of the various schools \$2330.42 was raised with which to buy needed equipment for the schools of Pocahontas county. This has exceeded the amount in any previous year by about \$800.00.

the amount in any previous year by about \$800.00.

After all, it looks like a greater interest is being taken in our rural schools, the backbone of American stability, and that they may yet receive what rightfully belongs to them—better buildings, capable teachers, the necessary equipment, and the proper appreciation and recognition for the service they render or should render to the state.

PUBLIC SCHOOL DAY

Huntersville District Public School Day was held at Minnehaha Springs, Friday, April 22nd. The weather was rather disagreeable but there was a splendid turnout of school children and patrons which bespeaks a spirit of cooperation and progress in our school activities. Eleven schools were represented and took in the exercises making our public school day a great success.

Much of the success of our Public School Day can be attributed to our excellent chairman, Mrs. Elva Wilson, principal of the Minnehaha Springs School, in her untiring efforts to make the day one of the best in the history of our schools. Another thing that contributed to the comfort and pleasure of the day was the splendid manner in which the people of Minnehaha Springs received the people. Firesides were open to all and the basement of the Methodist church was donated for the noon lunch which had been contributed by all the schools participating.

The Educational exhibit of school work demonstrated fully that the Huntersville District teachers were keeping pace with the progress of school work. It was of real interest to the patrons of schools when they visited exhibit room and noted the real work and things that were being done in the schools of the district.

The scores of the schools that participated are as follows:

Beaver Creek, upper 720; Frost, upper 650; Frost primary, 50; Douthards Creek 470; Huntersville upper, 38, Huntersville primary, 180; Minnehaha Springs upper, 330; Minnehaha Springs primary, 30; Browns Mountain 270; Bethel 130; Moore 110.

Mrs. G. M. Sharp, Secretary.

Eula Walton, teacher: Perfect attendance, Genevieve and Mamie Gibson, Ruth Moss, Leo Mace, Ned Houser and Raynond Ware. Faithful attendance, Gertie and Goldie Gibson, Bertha and Leo Mace.

New School Bus

The old Durbin School truck of much maligned memory, has passed with its flapping curtains into oblivion, and its short comings "will be remembered no more" against it, by those who took the 12 mile ride twice a day from Durbin to Greenbank. The truck has been replaced by a shining new bus with two double rows of seats, which made its initial run to the high school Monday morning carrying its quota of students from this section of the district.

It has a sturdy Dodge assembled engine and chassis, but the body was built by local carpenters under the direction of Mr. Glenn Galford, owner and transportation contractor, according to blue prints of custom built school busses.

At present, the exterior is steel grey and black, but Mr. Galford plans to make the final finish, old ivory with black trim and orange lettering.

Cass also has a new bus this year, the body of which was built and upholstered by O. P. Slaven, of Durbin.

Notice of Sale of School

Property

Notice is hereby given that the Board of Education of Edray District, Pocahontas county, West Virginia, pursuant to an order made and entered on the 20th day of January, 1928 declaring the Beaver Dam school discontinued, obsolete and of no further value to the Board for school purposes, will on Saturday, March 17, 1928, at one o'clock p. m. of that day, at the front door of the Court House of Pocahontas county, sell at public auction to the highest bidder the said Beaver Dam school house, reserving any furniture or equipment stored therein, also 3 4 acres of land on which said building stands, the title of which is in the Board of Education of said district.

Terms of Sale: Cash.

Board of Education of Edray District

SALE OF SCHOOL LANDS

Pursuant to a decree of the Circuit Court of Pocahontas County, West Virginia, entered on the 8th day of October, 1928, in the chancery cause therein pending under the style of State of West Virginia vs Lew Acord and others and 22 parcels and tracts of land, the undersigned Commissioner of School Lands of Pocahontas County, on

Tuesday, March 12, 1929,

commencing at 1 o'clock p. m., at the front door of the court house of said county, in the Town of Marlinton, will sell at public auction to the highest bidder the following tracts of land all situate in said Pocahontas County, as follows, to wit:

Tract No. 1. 13 acres and 80 poles in Greenbank district on Rosin Run, known as lot 7, and listed on the land book of said county to Olin Acord.

Tract No. 2. 41 1/2 acres and 650 poles in Green Bank District on the head of Greenbrier River, in the name of R. R. Brown and the Fairacre Corporation, see deed of record in said county in deed book number 64 at page 16 between said parties.

Tract No. 3. 83 poles at Cass, in Green Bank District, known as the Clayton lot, in the name of Rosalie Chiarrochi.

Tract No. 8. Lots 12, 13, 14 in the town of Deer Creek in Greenbank District in name of W. L. Totten. See deed from P. T. Ward, Trustee, et al. to W. L. Totten, in deed book 66 page 277.

Tract No. 9. Lot 20 by 120 in town of Deer Creek, in Green Bank District in name of Vir Bolden, see

Elisha Morrison Deceased's estate
Terms of Sale: One third cash hand on day of sale, the residue in 2 or 3 lots of six and twelve months with interest in equal payments purchaser giving notes with personal security, the title to be retained as ultimate security.

W. G. Lancaster

Commissioner of School Lands

SALE OF SCHOOL LANDS

Pursuant to authority vested by a decree of the Circuit Court of Pocahontas County, West Virginia, entered on the third day of October, 1928, in the chancery cause of State of West Virginia vs B. A. land and Rose McGraw DeBer under signed Commissioner of Lands of Pocahontas County

Tuesday, March 12, 1929

beginning at 1 o'clock p. m. at the front door of the court house of said county, in the town of Marlinton, will proceed to sell at public auction to the highest bidder the following described land, to wit:

A tract of land in the bend of West Fork of Greenbrier River at Durbin, a part of the Arborescent tract containing 8 acres, forfeited for non payment of taxes in the name of T. McGraw's Estate. See deed in said land filed with the clerk of said court in case.

Terms of Sale: One third cash hand on day of sale, the residue in two equal payments due in twelve months with interest purchaser giving notes with personal security the title to be retained as ultimate security.

FROST SOCCER TEAM ESTABLISHING "REP"

Panning to Play Second Game of Season With Roanoke Va. Lads

The old Soccer football team of Frost, this county, has established a reputation for itself beyond the State line. Some weeks ago Frost met a team representing the Roanoke Soccer Club at Covington, Virginia and took the Virginia team into camp by a nice score. The Virginia team was confident they would win before the game and they were greatly surprised at the wonderful playing of the West Virginia lads. Another game is to be played at Roanoke, Virginia. If we are to judge from the following clipping from the Roanoke Times the Virginia Club is gathering the best players they can find

...the West Virginia lads. Another
...game is to be played at Roanoke,
...Virginia. If we are to judge from
...the following clipping from the Roan-
...oke Times the Virginia Club is gath-
...ering the best players they can find
...to meet the West Virginia team.

"In preparation for the encounter
...between the Roanoke Soccer club and
...the Front Athletic Club of Marlin-
...ton, W. Va., which will occur on
...Mather field Saturday, a number of
...the players from the various soccer
...teams of the city have been invited
...to participate in the game."

A meeting of the players invited
...to take part in the game, was held at
...the Y. M. C. A. last night, and plans
...for the attack and defense were dis-
...cussed. The visitors have a record
...of being unbeaten, for a period of
...four years, and are expected to make
...the game most interesting for the
...locals.

J. D. Goggin, of Lynchburg, one
...of the most widely known men in
...soccer circles of the South, will act
...as referee of the game Saturday. He

for the attack and defense were dis-
cussed. The visitors have a record
of being unbeaten, for a period of
four years, and are expected to make
the game most interesting for the
locals.

J. D. Goggin, of Lynchburg, one
of the most widely known men in
soccer circles of the South, will act
as referee of the game Saturday. He
recently organized three soccer clubs
at Lynchburg, and is actively engaged
in the furtherance of the sport.

Among those invited to participate
in the game, are players from the N.
& W., Virginia Bridge and Iron, and
Viscose plants, and are as follows:
R. Stewart and D. Luck, goalkeepers;
H. Jones, Paul Boehm and Ray Gros-
art, fullbacks; Jack Horsfield, W.
Spencer, G. Newland and R. Naff,
halfbacks; W. S. Robertson, H. Fever,
T. Austin, J. J. Jackson, J. L. Stone,
D. Spencer and Fred Grosart, for-
wards.

H. C. Neron, general manager of
the Viscose Corporation, will make
the first kickoff at 2:30 Saturday af-
ternoon.

The men who will play on the team
to meet the West Virginians will be
selected at a meeting of the club
Friday night.

THE FOOTBA

(From The Little J

The Little Levels District High School football team was undefeated during the 1928 season. Our team scored seventy points and their goal line was crossed but twice by their opponent, for a total of twelve points, Cowen securing one touchdown and Marlinton one.

However, score and points are soon forgotten and are not used altogether as a major success. One of the means of counting our football a success, by some at least, is the manner in which our team played and conducted themselves on the field. The boys played fairly and cleanly and to our knowledge never used unfair means nor took advantage of an opponent. The boys of the team deserve much credit for the hard work and sacrifices they made in order to play ball. It is not easy work to learn to play football.

the Little Levels Reflector)

High ritt was utility man until he settled at the end position. Merritt understands the value of team work and demonstrated this by learning the plays from every position on the team.

Thomas Alderman, Right Tackle, was always 'there' and played the game hard but probably did not stand the wear and tear as well as he did in the 1927 games. However, the tackles who played opposite Tom did not fair as well either. Line plays are mostly off-tackle plays and a player in that position must be a shock absorber.

John Grimes, at Left Tackle, was a pretty good shock absorber too, as well as quick in getting through the opponents line. He followed the ball closely and discouraged Cowen by turning one of their fumbles into six points.

Roy Workman. Left End. It does not pay to drop any loose balls around Roy either. His playing was

and so

turning one of their fumbles into points.

Roy Workman, Left End. It does not pay to drop any loose balls around Roy either. His playing was better on the defense than on the offense this year, but just wait until next year.

George Thomas Clark, who earned his letter at Right Guard, developed into a quick hard hitting guard and was strong on defense.

Frank Beard, at Left Half, developed into a fast back and we are sorry to lose him this year. He was a constant threat to the enemy and all he needed in order to make the game was a little interference.

Sumner Burr, Full Back. Sumner was kept out of the Marlinton and the first Greenbank game because of injuries but won his letter in the end. We are expecting 'Buzzy' to be a triple threat man next year.

Mirl Simmons, Manager. Mirl was not an able manager but practiced with the team and did his part in helping to make it.

Verle Pyles, End. 'Big' a strong player on defense, won his letter but

Ed

7

will
Jan
C
room
serv
for

or received a serious injury. (Continued on page 25)

Earl Kellison, Halfback. Earl played end last season (1927) and can appreciate what the line has to do. He knows how to make use of a line as shown when he scored the touchdown against Marlinton.

The next one, Wyatt Jones Quarter. Jones was scared into playing. He had to play to keep from getting hurt although he received a serious injury during the last minute of the Marlinton game after having guided the team to its most notable victory. Jones expects to quit smoking and 'flunk' chemistry so he can play next year.

Merritt Kellison, Right End. Mer-

**AUTOISTS REQUEST
SPECIAL NUMBERS**

became discouraged with the teachers and quit school.

The rest of the squad in a part of the games, but due to injuries and inexperience were unable to win a letter. Every man but one got into the game at some time during the season. Captain Hook, and Claude Bruffey each lacked a half of a game of winning a letter. The rest of the squad who gave able and consistent support are Joe Kramer, Dick McNeel, Fred Burr, Marvin Wymer, Argil Arbogast, Henry Harper, William Browning, Rodney Siple and Nat Kennison. These boys all deserve much credit and can be depended upon to help make the team next year.

TEACHERS NOT TO LOSE.

State Superintendent of Schools,
Morris P. Shawkey, ruled that when
a school is closed by the proper
health authorities the teachers are
not to be compelled to make up
such lost time, provided they hold
themselves in readiness to teach
upon the order of the board.

He is of the opinion that the leg-
islature meant through the statute
enacted upon this subject to com-
pensate teachers for time lost when
schools are closed on account of an
epidemic or any contagious or in-
fectious disease in the community.

He recommends, however, that
when the schools are to be closed
for a long period of time it would
seem an injustice for the children
to be deprived of schools for this
time, and therefore the school
board would make some arrange-
ment with the teachers for compen-
sation.

The state superintendent further
interprets the law as meaning that
any health officer district or county
or a member of the board of educa-
tion may close schools for the pro-
tection of pupils.

gret if they could all be brought up to the
standard of efficiency now shown by some of
them.

The Association adjourned to meet at the
Piney Hill School House, near Dry Creek, on
Saturday, February 10th, 1883.

MISS LIZZIE ARBUCKLE, teacher of the
Oak Grove school, near Lewisburg, has suc-
ceeded, after much perseverance, in inducing
the Board of Education to supply her school
with a large black-board, reading charts, writ-
ing charts, and a 12-inch globe. Some of our
teachers will hardly ask for a good black-
board; when it is given to them they seem
to have an elephant on their hands. They
regard it as a thing to be looked at rather
than used. Now, in our opinion, a black-
board is of more value, in a primary school,
than books; and a teacher who don't know
how to use it, should proceed to learn from
those who do. Miss Arbuckle's success
teaches an important lesson: *If you want any-
thing ask for it, and if you don't get it the first
time ask again.*

THE County Superintendent now has on
hand a full supply of forms for Trustee's re-
ports and for the enumeration of youth, which
the District Secretaries can get by calling or
sending for them.

cents per

in length, and is to be used for the purpose of conveying logs from the timber district to the Greenbrier river.

The second session of the Hillsboro Male and Female Academy will begin to-day, under the direction of Prof. C. A. Brown.—The school will be ably conducted in all its departments. Those desiring a knowledge of instrumental music, will be pleased to learn that Miss Lillie Overholt, so well known here for her rare musical accomplishments, will take charge of that department.

Again the wedding bells are ringing and we are called to chronicle the marriage of Mr. Romulus C. Loveridge, of Renick's Valley, and Miss Laura Conrad, of Philidelaphia, which took place at the residence of Mr. Preston Clark on the 2nd inst. Quite a

Meeting of Schoolbook Board.

The Schoolbook Board of Pocahontas county, is hereby called to meet at Marlinton on Saturday, January 12, 1907, to adopt, for use in the schools of said county for a period of five years, text-books on the following subjects: Reading, Spelling, Arithmetic, Algebra, Geometry, Physical Geography, English Grammar and Supplementary Readers.

preparatory to building and if the present weather lasts a few days longer nearly all the fruit will be killed.

The school book board of Pocompton county met here last Saturday and adopted for the next five years the same books now in use in the county with the addition of Carpenter's Geographical Readers for supplementary reading. This we think is a wise move on the part of the board and will prevent a change of books for at least five years unless the present action of legislature passes a uniform school book law.

The nurses of The Marlinton Hospital held a banquet at the Hotel last Friday evening in honor of Miss Wilson of the Hinton Hospital. The dinner was a

School Report.

Report of Humphreys school for month ending Jan. 25th: Pupils enrolled 22; average daily attendance 97, per cent of daily attendance 92. Names of pupils who were tardy: Ethel Looker, Della Wagner, Lottie McGowan, Jessie McClumb, Kathleen Carr, Maude Oliver, Fay H. Brown, Maud Marshall, Charles H. Brown, Fred Moore, Clyde Wagner, Harry McGowan, Fred G. G.

SALE OF SCHOOL LANDS.

Pursuant to a decree of the Circuit Court of Pocahontas County, West Virginia, entered therein at the January term thereof, 1907, in the chancery cause of the State of West Virginia vs Waste and Unappropriated Lands, I will on the

2ND DAY OF APRIL, 1907,

being the first day of the April term of said Court, proceed to sell by way of public auction to the highest bidder, for cash, in front of the court house of said county, the following real estate in said county, viz:

A tract of 21 acres lying on the waters of Greenbrier river in the Lewis District adjoining the lands of A. Mackin and others. Said lands are well timbered with hemlock and other valuable timbers, and lying on the railroad it is a very valuable piece of land. Interested parties should look these tracts over and be ready for them on the day of sale.

A. D. WILLIAMS,

Commissioner of School Lands.

Prof. Burns has recently finish-
ed taking the enumeration of the
school youth of the town of Mar-
linton. While performing this
duty he took a careful census of
the persons residing within the cor-
porate limits of the town and
found the number to be 803. Per-
sons who have placed the popula-
tion at from 1300 to 1500 have an-
other guess coming. This, howev-
er is a good increase, when we take
our sister towns into consideration.
The population of Marlinton in
1900 was 171; in less than seven
years it has increased nearly 400

Teachers' salaries were fixed as
follows: first grade \$40, second
grade \$35, third grade \$27 50.

The following order was enter-
ed with reference to the Marlin-
ton schools: "It is ordered that
the teaching force of the Marlin-
ton Graded School be composed
of a principal and four assistants
for the ensuing school year, the
principal's salary to be \$125 per
month and the assistants each
\$50.00 per month, and the term
to be eight months. It is further
ordered that L. W. Burns be ap-
pointed to the place of principal,
and Mrs. Anna Wallace, Miss
Sallie Wilson and Mrs. Bessie
Junkin to the rank of the assistant

The most common were collected by the bulk of the (some were) collected, the bulk of the collected (some were) collected that collected (some were) collected in the lower Brook country. The points were also collected in several other houses.

In the article in question, the show
evidently fit pretty well. The
truth, you know, is what hurts,
and we always try to publish noth-
ing but facts.

There are several things Mar-
linton can well boast of, among
which is our excellent school fac-
ilities. We doubt very much if
any town in the state of this size
has so good a school building as
centrally located. With a corps
of the best teachers in the state it
is not necessary for our people to
send their children away to re-
ceive an education, unless they
want to put on the finishing
touches or, of course, to put on a
few airs.

It looks as though the tax pay-
ers of Marlinton sub-district were

to be removed.

The Campbelltown graded school was compelled to close this week after being in session for six months for lack of funds to continue it longer. Upon petition of the patrons of the school the board ordered an eight months' term and laid an extra levy of five cents in that sub-district to continue the school the extra two months. This extra levy was hardly enough to pay the teachers the increased salary asked for by the taxpayers at Campbelltown. The reduction in the assessment in this district by the circuit court runs the school fund considerably under the estimate made by the board.

I think of this year voting for the Levels district who have a daughter who is now contemplating entering the teaching profession.

A good High School in a community will draw the better class of people from other sections and from other states. A man of progress, seeking a new home, will inquire first of all into school conditions. If good schools are lacking he is sure to locate elsewhere no matter how favorable other conditions are. If the people of the Levels desire the very best class of settlers to come among them, they will vote for the levy to establish a High School.

With a good High School, the Levels district will 'out-shine' any of the other districts in Meabontas county along educational lines.

Few first grade certificates were made
in Pocahontas county in the uniform ex-
amination last year. One of these was
made by a lady coming from another
state only a week before the examination.
She was not familiar with some of the
branches taught in this state, notably
State History. State Government and the
geography of the state, but she was a
High School graduate and she went
through the examination with colors fly-
ing. This year she is making one of our
most successful teachers at a good salary.
Think of this, you voter in the Levels
district, who have a daughter who is con-
templating entering the teaching profes-
sion.

Mrs. James Gragg.

Belle, wife of James Gragg, died at her home near Frost Friday, July 21 1911, after a short illness, of ~~menstrual~~ ^{menstrual}, aged 49 years, 11 months and 21 days. Mrs. Gragg was a daughter of the late Zane Grimes, and an estimable lady. She leaves a husband and five children—three sons and two daughters. Her remains were laid to rest in the Clark Dilley graveyard in the Bussard neighborhood near Dunmore Saturday.

True friends have no solitary joy or sorrow.

It may

come

Of the above number 39 are being examined for Elementary certificates, 5 for Graded School certificates and one for a new one.

Mr. Price presented the Mmes. S. and C. Lee for a gallon or so of plums Monday of this week for which we acknowledge thanks.

C. M. Jordan and C. M. Grose came up from Denmar Saturday and spent Sunday at their homes here.

Schools 1912

The following article was taken from the Pocahontas Independent (March 21, 1912), and brought to us by Miss Alice Waugh.

Pocahontas Teachers Lack Preparation

(Says Superintendent Williams in Public Letter)

Also recommends that Libraries be placed in more schools in the County and that school house yards be fenced and cleaned up.

"I do not wish to be understood as always complaining about something or that I am never satisfied with anything, but there are a few things in connection with the free schools

and profit and children hold them have not got or enough talent? No answer is are not quite show enough preparation positions

“I do not wish to be understood as always complaining about something or that I am never satisfied with anything, but there are a few things in connection with the free schools of Pocahontas County that I would like to see adjusted. The first is we have to use too many teachers from other counties many of whom are not personally interested in the children of our county and consequently we are not getting justly ours. Then again a few of those teachers at least belong to the traveling brigade and never teach or expect to teach but one school in a place, and some do not finish a term of six months but quit at once, two or three months on a frivole

"Then, there seems to be
another idea prevailing in
the minds of the school
officers as well as some
people of this county, that a
teacher who proves unsatis-
factory, or in other words
neglects his duty or is
incompetent or spends his
time when not in school in
riotous living must neces-
sarily spend the six months
or the time for which he
was hired before the matter
can be adjusted. Then the
only recourse is not to hire
him again, which in my
mind is an outrage on the
children and taxpayers of
our county. If the free
school system permits such
work as that to go on

can be adjusted. Then the only recourse is not to hire him again, which in my mind is an outrage on the children and taxpayers of our county. If the free school system permits such work as that to go on unnoticed we had better get our eyes opened to the situation.

"I have taken in the situation as honestly and carefully as I know how and in my opinion about 75 per cent or three-fourths of the teachers in this county this year have done and are doing most excellent work, work that will never be compensated for in this world in dollars and cents no matter what their salary might be. These teachers will never receive their remuneration until the Great Books are opened and they hear that

world in dollars and cents
no matter what their salary
might be. These teachers
will never receive their
remuneration until the
Great Books are opened
and they hear that plaudit,
"Well Done," then they
will receive their back pay.

"Then about 20 per cent
or one fifth of the teachers
of this county this year are
doing medium work not
being accused of doing very
much or not entirely excus-
ed as to doing their whole
duty in all things. For this
class there is some excuse
for consideration and pa-
tience. We hope to see
improvement among this
class another year. Shall

duty in all things. For this class there is some excuse for consideration and patience. We hope to see improvement among this class another year. Shall we see it?

"Then that other 5 per cent of teachers who show no conception of their duty toward their schools, the children under their charge or the people in general, who only live for Friday evening and pay day. For this class I have no patience, I exercise no consideration whatever for this class, and in my opinion the only remedy for this class is to turn them out as fast as you find one. If it were in my power I would

and finish the day before being dismissed.

"In another article I have shown that only three out of every four pupils of this county are in school this year, that only thirteen school grounds are fenced out of a total of 110, that out of 132 teachers we have one professional and two primary certificates, that 34 schools are without libraries and that 47 out of 132 are teachers from other counties, and that those teachers are holding the most lucrative school positions in our county and we are glad to say holding them to the gratification

and profit of the patrons
and children. Why do they
hold them? Because we
have not got the right talent
or enough of the right
talent? No not at all. The
answer is apparent. We
are not qualified and do not
show enough interest in our
preparation to hold those
positions of trust and profit.

Lack

above the average salary pay
the graded and high
schools in other words, are
in charge of county teach-
ers.

"In consideration of the
above named facts I would
ask every teacher and those
expecting to teach (and I
hope there are many) to
take advantage of the edu-
cational advantages offered
in this county at the present
time. We have a normal in
session at Buckeye at the
present time and will pos-
sibly hve a spring normal at
Academy this spring and
the Marlinton normal
school will open April 29
and continue ten weeks.

school will open April 29
and continue ten weeks.

"Each of these schools
will be in charge of compe-
tent instructors and it is
hoped that our people will
appreciate these opportu-
nities and avail themselves
of the benefits there deriv-
ed.

"If you should be inclin-
ed to leave our county for
instruction we have six
normal schools in the state
and one first class univer-
sity besides several other
schools of prominence that
will be glad to receive you.

"I feel that our teachers
and school officers are not

satisfied with three-fourths
of the pupils of our county
in school and that we will
have a united effort next
year in getting more chil-
dren in school.

“Is it not best to have all
our school grounds fenced
and cleaned up, and to have
a good useful library in
every school house?

“Is it not in our power to
have more county teachers
better qualified and with a
determination to be in the
first class mentioned in this
article?

“Have the patrons not a
right to ask that we have
more primary teachers who
make it their business to do

determination to be the
first class mentioned in this
article?

"Have the patrons not a
right to ask that we have
more primary teachers who
make it their business to do
that kind of work and do it
right that the children may
be started in the right way?

"If these things are ever
accomplished it will be
largely through the efforts
of the teachers and school
officers and public senti-
ment.

"I realize how vain are
the efforts of a county
superintendent in doing
anything in particular ex-
cept to answer letters,
growl occasionally and
draw his salary quarterly.

the superintendent for the year, \$67,091.54; cost per pupil for a term of six months based on enrollment, \$22.54; cost per pupil for a month of 20 days based on enrollment, \$3.75; number pupils enrolled 1st grade, 755; 2nd grade, 369; 3rd grade, 422, 4th grade, 490; 5th grade, 375; 6th grade, 198; 7th grade, 164; 8th grade, 146; high school, 67.

Autumn Fever

Soon, golden leaves of Autumn
hues will caress the
woodlands with tender
kisses

Cool nights, crisp mornings,
smoke hazy air

Will conjure into all hearts
that misses

Visions of quiet woodland

Visions of quiet woodland
paths for you
Materializing up visions of
moccasoned Indians
Stalking game, but also
unmistakable nonethe-
less

The smell of fall, that
cannot put into words

The indefinable heart long-
ing to confess, fall is here

A minor point in knowing
that seasons change

Making me wonder fully
lazy, free of care

Except try to capture and
hold, all moments like
these

Commune with nature,
foolishly

Nostalgic, sentimental—
I guess.

—Ann Coffman
